Cambars®

Cambro's full line of easy-to-use, portable beverage bars are perfect for serving up profits on-premise or off-premise.

Choose from twenty six models—three sizes and three systems. Cambro's largest model is perfect for banquets and cocktail events. The mid-sized model fits in standard elevators and performs well in lobbies, private suites and small events. The smallest model is an all-purpose beverage station for can and bottle service.

All are built for indoor and outdoor use. Made of impact-resistant, waterproof polyethylene, Cambars® won't chip, dent, rust, or crack. They're easy to clean and easy to set up for service. Large non-marking casters offer smooth transporting across carpet, cement or grass. Cambars® are available in a variety of decors.

SlidingLid® Ice Caddies

Indoors or outdoors, in heat or humidity, these sleek ice caddies keep their cool and hold ice for days. The polyethylene body and thick foam insulation provide durability and long-lasting ice storage. No assembly required.

A unique sliding lid helps reduce the risk of cross contamination. Recessed well and drain shelf keep ice out of water, extending holding times. Recessed handle on front end for easy moving or lifting.
